ABOUT ME

A highly motivated and adaptable individual, pursuing B.Tech from Vivekananda Global University, who is always ready to learn new skills and take on challenges. I do not just complete tasks; I focus on adding real value through my work by understanding goals and delivering meaningful results. Strong in communication, teamwork, and problem-solving, with the ability to use AI tools to work faster and more efficiently while maintaining quality output.

WORK EXPERIENCE

Cognifyz Technologies, Nagpur | Jun 2025 - Jul 2025

Power BI Intern

Completed data analysis and visualisation projects using Power BI. Cleaned and explored data to find key insights. Analysed investment behaviours like gender differences, saving goals, and investment habits. Highlighted how digital sources influence investor decisions. Created an easy-to-use interactive dashboard to present findings clearly. Gained skills in Power BI, data visualisation, dashboard design, and analysis.

PROJECTS

Compare Stock Returns with Google Sheets (Coursera Project Network, Apr 2024)

This Coursera project involved a guided, real-world data analysis task, where you performed comparative analytics on stock returns using Google Sheets. Refer to this project to showcase technical skills applied during the course.
